

Attn: Hiring Manager

As a software engineer with over 4 years of freelance experience, I am applying for the Summer Internship Opportunity in United States. Below you'll find a brief description of my qualifications.

I am currently an undergraduate at National University of Singapore pursuing a Computer Science Degree. I am a highly motivated software engineer and I am able to pick up new technology fast. I am applying to JPMorgan Chase & Co as I am interested in the field of finance and I would like to learn about it whilst contributing my software engineer skills in a summer internship.

I look forward to speaking with you in further detail about the internship opportunity with JPMorgan Chase & Co.

Sincerely  
Ian Soo

Advertised Requirements	My Qualifications
Computer Science and/or Engineering majors are preferred, while other majors may be considered	Pursuing Computer Science degree from National University of Singapore.
