Attn: Hiring Manager

As a software engineer with over 3 years of freelance experience, I am applying for the Execution Trading Intern position. Below you'll find a brief description of my qualifications.

I am currently an undergraduate at National University of Singapore pursuing a Computer Science Degree. I am a highly motivated software engineer and I am able to pick up new technology fast. I am applying to World Quant as I am interested in the field of quantative finance and I would like to learn about it whlist contributing my software engineer skills in a summer internship.

I look forward to speaking with you in further detail about the internship and opportunity with World Quant.

Sincerely,
Ian Soo
